TIMBERBRUSHED™
ARTISTIC TIMBERS™ HARDWOOD

Weathered charm with artistic flair.

Like an artist's canvas, a beautiful hardwood floor can reflect your unique tastes and influences. **The Artistic Timbers™ TimberBrushed™ collection** highlights the beauty and artistic flair of hardwood for a striking, individualized style statement.

Our TimberBrushed™ hardwood is textured by gently removing the soft portion of the wood to expose the grain and bring enhanced definition to each plank. Beautiful knots and dramatic oak character marks further emphasize the depth and texture.

Artistic techniques like liming and deep etching add color effects with dimension – for a floor as beautiful as a work of art.

TIMBERBRUSHED™ WHITE OAK

Our TimberBrushed hardwood's texture creates the perfect palette for stunning artistic treatments like liming and deep etching.

LIMED ARTISTIC TECHNIQUE The open grain of brushed wood is enhanced with a light color for a unique aesthetic.

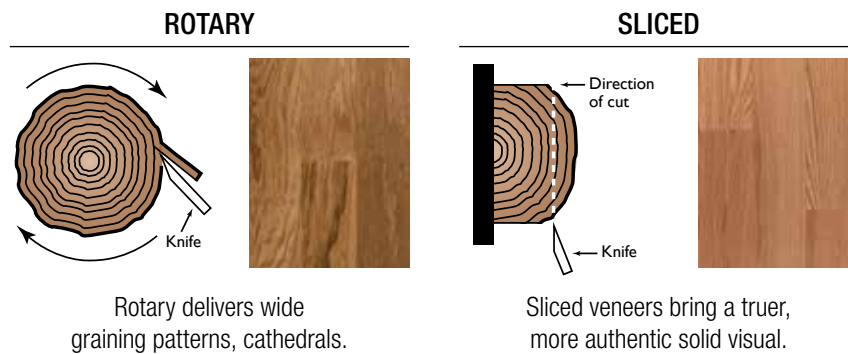

DEEP ETCHED ARTISTIC TECHNIQUE Brushed wood is stained for a rustic, reclaimed appearance.

TimberBrushed **engineered hardwood** is available in 7-1/2" width and can be installed over wood or concrete on any level, including basements.

Superior craftsmanship for a superior floor.

TimberBrushed™ hardwood features 1/2" thick engineered construction and a **sliced-faced veneer**, creating a floor that more closely resembles the natural grain patterns of solid hardwood.
